Applique with Textured Fabrics—Minkee/Furs Supply List

This month our technique is appliqué with textured fabrics like Minkee or Faux Furs. This technique allows us to use designs ready to appliqué and by adding textures we add dimension and additional interest to our work. Children of all ages love to “feel” the critters on their blankets or quilts, or even the front of their sweatshirt hoodie.

Supply List

- Embroidery machine, cleaned, oiled, & ready to sew.
- Organ Titanium embroidery needles size 80/12
- Textured Appliqué design*
- Polyester 40 wt. Embroidery threads for design
- Bobbins wound with 50 wt. thread to match base fabric
- OESD Polymesh cut-away stabilizer
- OESD Water Soluble Topping like Aqua Film
- 505 Temporary Spray Adhesive
- Ball Point Straight Pins
- Appliqué scissors (Gingher or Nifty Notions)
- 4” Double Curved Embroidery scissors for snipping threads & some fabric
- 1/4 yd. of Minkee or Chenille fabric
- Something to appliqué onto, i.e. baby blanket, baby bib or just solid color fabric.

*Appliqué designs may be found in ETO Minkee Pals #11936. Minkee Pals 2 #11970, or Fun With Minkee Gelato #12184, Anita Goodesign Baby Bunnies, or any other design collections that ask for textured fabrics.

We will be learning how to create appliqué templates for the pre-cutting of fabrics, to make the job easier and faster.

Design collections for appliqué will give you guidelines for how many fabrics you will need.

If you have any questions, please feel free to give us a call.
