Heart Applique Table Runner

Anyone can embroider a "Place and Plunk" design, but making it special is a skill. We will learn how to get Perfect Placement while we make this beautiful heart table runner, based on Simon Haskin's Technique Table Runner. So gather up your sewing supplies and machine; we will gather up the fabric and ribbons!

Supplies for class:

- ♥ The linen table runner, fabrics, ribbon for applique centers, and templates are in the kit that is included in the class fee.
- ♥ Embroidery machine with power cord
- ♥ Bring the hoop that is the largest for your machine—most Berninas and Janomes have a 5" x 7" or 6" x 8" sewing field, Babylock, Brothers and Vikings have a 6" or 7" x 10" or longer sewing field. The machines with the largest hoops will do each design in one hooping, where the mid-size hoops will take two hoopings for each design. Machines with 4" x 4" sewing fields will be able to do this also, you simply have more hoopings.

Needles

- ♥ Size 80/12 embroidery needle, Schmetz or Organ

Thread

- ♥ The three colors of Robison Anton thread listed on the info page on the Heart Applique Table Runner Cd
- ♥ 1 or 2 bobbins wound with white bobbin thread

Notions

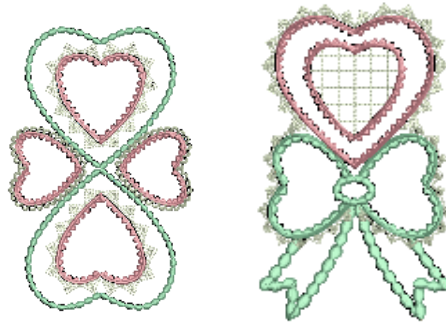

- ♥ Dissolve Magic Sticky or Aqua Mesh Plus stabilizer
- ♥ Fine Line wash away fabric marking pen
- ♥ 5" Trimming scissors or Hoopscissors for cutting appliques
- ♥ 6" x 24" ruler
- ♥ Optional:
 - Mary Ellen's Best Press starch
 - Jenny's Magic Tassel Maker by Machine
 - Bodkin
 - 8yds 1/8" ribbon matching one of the thread colors to weave through the drawn thread work edge

Before class

- ♥ Transfer the designs from the Heart Applique Table Runner CD to your machine, or on your flash card or USB stick
