Schedule of Banners

We will be making the banner for the month we are in:

Example June 13th, 2011– June Banner

Please do a week before each class

Look over your book on the banner that is on the schedule. Patterns that need to be enlarged must be done before class. This can be done at your favorite copy store. Trace any foundation patterns that need tracing. **DO NOT TRACE MULTIPLE COPIES OF FOUNDATION PATTERNS.** We will be doing the freezer paper method and only need one traced on the paper side (not the shiny side) of the freezer paper.
